**Daytime contact number**

[REDACTED]

**Write your submission**

there is already a quarry in Beveridge/wallan area creating dust that blows directly into the mandalay estate, how can it be justified that there be 2 quarries doing this? would you want to live in that dumping ground from what has been put into the air from the quarries?  
Where is the information regarding the running of the quarry, and what emissions will be created by the quarry?

I have 3 children, one of which attends the [REDACTED] in Beveridge. What are the affects of Silica on a community? let alone children? hen immunocompromised children?  
The reason why we moved out to Beveridge was the quiet country town feel, how can the noise, light and congestion not effect this lifestyle that we purchased?

**I confirm that I have read and agree to the above conditions for making a submission.**

Yes

**I agree to the Collection Notice**

Yes
