I [REDACTED] Living so close to a quarry will considerably bring increased risk to the health of my child.

It's a well known fact that dust generated by quarrying can contain silica.

[REDACTED]

What about the traffic? Where are the trucks running too and from? How does this affect the quality of our roads in Beveridge. Lithgow Street alone in Mandalay is a disaster and constantly needs repairing as the potholes created by the amount of trucks in and out every single day are sometimes 1 metre in length.

What about other children outside on the school grounds during recess and lunch, must we forget about who truly are at the greatest of risk, our future!

We already have a quarry, why another one?

I confirm that I have read and agree to the above conditions for making a submission.

Yes

I agree to the Collection Notice

Yes
