Date: Thursday, 16 December 2021 5:04:24 PM

Good afternoon Gentlemen,

I would like to express my objection to the proposed development of a quarry at 175 Northern Highway, Wallan.

As you are all aware there is clear community concern that this quarry will bring noise, dust, vibrations, and congestion impacting health, wellbeing and liveability in this area. My concerns also include the congestion on the roads with the extra truckloads moving in and out of the quarry and the possible decline in resale value of the real estate in Wallan; especially those closest to the quarry.

This proposal has been rejected by the council twice previously and although the recent documents state changes have been made in accordance with the VPA the concerns of the community remain the same.

For your consideration

Dorothy Kirby
