Subject: Officer South Employment PSP - Melbourne Water Drainage Service Scheme Query (Proposed Telecommunications Facility)

Good morning Sarah,

I am writing in relation to the *Officer South Employment Precinct Structure Plan*.

Indara are proposing a new telecommunications facility in Officer South, specifically at 410 Officer South Road, OFFICER SOUTH. Indara have had previous discussions with the VPA in mid-2022 in relation to the proposed facility, however it is understood that the VPA advised the area may be required by Melbourne Water for substantial drainage infrastructure.

I have reviewed the documents recently exhibited; however, it is unclear as to what is proposed for the Drainage Service Scheme by Melbourne Water within the precinct.

Could you please advise if this Drainage Service Scheme has been established and/or finalised to assist the progression of this proposal.

Feel free to give me a call if more convenient.

Kind regards,

Rohan Montgomery
Town Planner
