URBAN GROWTH ZONE

Shown on the planning scheme map as **UGZ** with a number (if shown).

Purpose

To implement the Municipal Planning Strategy and the Planning Policy Framework.

To manage the transition of non-urban land into urban land in accordance with a precinct structure plan.

To provide for a range of uses and the development of land generally in accordance with a precinct structure plan.

To contain urban use and development to areas identified for urban development in a precinct structure plan.

To provide for the continued non-urban use of the land until urban development in accordance with a precinct structure plan occurs.

To ensure that, before a precinct structure plan is applied, the use and development of land does not prejudice the future urban use and development of the land.

Application of provisions

Part A – No precinct structure plan applies

The provisions of Clauses 37.07-1 to 37.07-8 apply if no precinct structure plan applies to the land.

Part B – Precinct structure plan applies

The provisions of Clauses 37.07-9 to 37.07-16 apply if a precinct structure plan applies to the land.

Precinct structure plan provisions

A precinct structure plan applies to land when the precinct structure plan is incorporated in this scheme.

Environmental audit

Before a pre-school centre, primary school or secondary school commences on potentially contaminated land, or before the construction or carrying out of buildings and works in association with a pre-school centre, primary school or secondary school commences on potentially contaminated land:

- A preliminary risk screen assessment statement in accordance with the *Environment Protection Act 2017* must be issued stating that an environmental audit is not required for the use or proposed use; or
- An environmental audit statement under Part 8.3 of the *Environment Protection Act 2017* must be issued stating that the land is suitable for the use or proposed use; or
- A certificate of environmental audit must be issued for the land in accordance with Part IXD of the *Environment Protection Act 1970* ; or

- A statement of environmental audit must be issued for the land in accordance with Part IXD of the *Environment Protection Act 1970* stating that the environmental conditions of the land are suitable for the use or proposed use.

The requirement for a preliminary risk screen assessment statement, an environmental audit statement, a certificate of environmental audit or a statement of environmental audit in this provision does not apply to the construction or carrying out of buildings and works, if:

- The buildings and works are associated with an existing pre-school centre, primary school or secondary school, included in Clause 62.02-1 or 62.02-2, and the soil is not disturbed;
- The buildings and works are required by the Environment Protection Authority or an environmental auditor appointed under the *Environment Protection Act 2017* to make the site suitable for use; or
- The buildings and works are reasonably required by an environmental auditor appointed under the *Environment Protection Act 2017* or the *Environment Protection Act 1970* to undertake a preliminary risk screen assessment or environmental audit.

Decision guidelines

Before deciding on an application to use or subdivide land, construct a building or construct or carry out works, in addition to the decision guidelines in Clause 65, the responsible authority must consider, as appropriate:

- The Municipal Planning Strategy and the Planning Policy Framework.
- The effect on the future urban development and use of the land, and adjacent or nearby land, having regard to:
 - Any relevant Growth Corridor Framework Plan.
 - Any precinct structure plan being prepared for the area.
 - Any comments or directions of the referral authority.
- Whether the proposal will prejudice the logical, efficient and orderly future urban development of the land, including the development of roads, public transport and other infrastructure.
- The capability of the land to accommodate the proposed use or development, including the disposal of effluent.
- How the use or development relates to sustainable land management.
- Whether the site is suitable for the use or development.
- The impact of the siting, design, height, bulk, colours and materials to be used on the natural environment, major roads, vistas and water features, future urban use of the land, and the measures to be undertaken to minimise any adverse impacts.
- The impact on the character and appearance of the area or features of architectural, historic or scientific significance or of natural scenic beauty or importance.
- The location and design of existing and proposed infrastructure including roads, public transport, walking and cycling networks, gas, water, drainage, telecommunications and sewerage facilities.
- Whether the use and development will require new or upgraded infrastructure, including traffic management measures.
