1403984				I could not attend the session. However I have questions around the distribution of the Type of Dwellings and if possible % distribution of Dwelling across different sections of the project. Location of schools both public and private if any and its Impact on the traffic due to reduced speed limit on connectivity to Major roads and highway. Also What plans are been made to accommodate public housing and aged cares and meeting the requirements of people who are retiring and need affordable and smaller sized houses from maintaince perspective?		2025-10-14 10:23:25
