1406123				Hi, I am the owner of , also known as property on the Contributions Plan. As and other VPA representatives are aware, I fully support the greater rezoning and the commencement of residential development in the area. I have been in discussions with property owners of lots 69 and 86, who are aligned with this vision, and we have engaged Beverage Williams to assist us in progressing our plans. I have also requested Beverage Williams to submit an additional proposal supported by their technical consultations. We are concerned that the current school position may create economic barriers for smaller, independently owned sites like ours, as well as impact connectivity to DFC's infrastructure. Since we are closer than longer-term developers, we kindly request that the position of the school be reconsidered. Thank you.		2025-10-20 15:09:50
